Training and Technical Assistance Request Information

Onsite training and program assistance may be subject to the Office of Justice Programs conference approval process requiring a 90 day approval process.

Please select from the list below, areas you would like to request for training and/or program assistance:

SORNA Basics

- Public education & tribal buy-in, history and development of the Adam Walsh Child Protection and Safety Act of 2006 and the Sex Offender Registration and Notification Act (SORNA)
- Needs assessment and strategic planning, including the development of a coordinating multi-disciplinary team
- New employee(s): where to start and/or take over the program from a former staff member
- Assistance with the development and preparation of a substantial implementation package
- Form development, including the use of sample documents (e.g., sex offender registration form)
- Policies and procedures development/review
- Code development/review
- Registration process

SORNA Implementation

- Sex offender absconder investigations
- Registration safety considerations and strategies
- Tiering of offenders
- Tribe and Territory Sex Offender Registry System (TTSORS) / SORNA Exchange Portal
- Coordinating DNA collection and submission to CODIS
- Coordinating fingerprint/palm print collection and submission to IAFIS
- Coordinating connection for NCIC/NSOR submission

Please select from the list below, areas you would like to request for training and/or program assistance:

SORNA Sustainability

- Comprehensive Approaches to Sex Offender Management (CASOM) includes: research supported sex offender treatment, supervision, reentry, and registration and notification practices
- Reentry options and services
- Multi-disciplinary team development, collaboration, and enhancement
- Monitoring and evaluating the SORNA Program, and applying data collected to enhance the program
- Maintaining program buy-in and support through staff transitions
- Tribal strategic planning and sustainability
- Tribal, federal, state and local relationship building, including the development of MOUs/MOAs, intergovernmental agreements, and/or cooperative agreements
- Community notification and public education
- Collaborative sexual violence prevention programs

State your overall objective for this training/program assistance; what are you trying to accomplish?

Provide your justification; specify your needs. (attach additional pages if needed)

Who will attend and/or be involved with the program assistance?

What date(s) would you like to request for the training/program assistance?

Do you have a facility available to host the training/program assistance if necessary? If so, please list the address, city, state, and postal code.

Additional information/background you would like to provide for consideration.

If your training/program assistance request is fulfilled, you will be responsible for submitting an evaluation report to FVTC, within 3 months of the completed training/program assistance. By submitting this form you are acknowledging this term and will abide to the conditions.
