

U.S. Department of Justice
Office of Justice Programs
Office of Sex Offender Sentencing, Monitoring,
Apprehending, Registering and Tracking

The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering and Tracking (SMART), is seeking applications for funding under the SMART Office FY 17 Support for Adam Walsh Act Implementation Grant Program. This program furthers the Department's mission by assisting states, the District of Columbia, territories and certain federally recognized Indian tribes with implementation and ongoing maintenance of requirements under the Adam Walsh Child Protection and Safety Act of 2006, specifically Subtitle A of Title I, the Sex Offender Registration and Notification Act (SORNA).

SMART FY 17 Support for Adam Walsh Act Implementation Grant Program

Applications Due: June 29, 2017

Eligibility

Eligible applicants are states, the District of Columbia, the principal U.S. territories, and federally recognized Indian tribal governments (as determined by the Secretary of the Interior) that are eligible under SORNA section 127 to carry out the functions of SORNA and have elected to do so. Jurisdictions that have not previously received funding under this program are strongly encouraged to apply.

Tribal applicants must demonstrate eligibility status by indicating that the tribe has elected to carry out the requirements of SORNA under section 127 and has not delegated its duties since its election. Tribes that have elected to carry out the requirements of SORNA must submit the tribal resolution that documents the tribe's election to do so. The link to the Bureau of Indian Affairs' list of federally-recognized Indian tribes is located at <http://www.bia.gov/cs/groups/public/documents/text/idc1-029079.pdf>.

Preference will be given to the following jurisdictions: 1) State and territorial applicants that have already implemented SORNA or have submitted a reallocation request to the SMART Office and 2) Tribal applicants that have implemented SORNA, submitted a SORNA substantial implementation package to the SMART Office for review, or submitted a request for additional time to implement SORNA.

Deadline

Applicants must register with Grants.gov prior to submitting an application. All applications are due by 11:59 p.m. eastern time on June 29, 2017.

To be considered timely, an application must be submitted by the application deadline using Grants.gov, and the applicant must have received a validation message from Grants.gov that indicates successful and timely submission. OJP urges applicants to submit applications at least 72 hours prior to the application due date, in order to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP encourages all applicants to read this [Important Notice: Applying for Grants in Grants.gov](#).

For additional information, see [How to Apply](#) in Section D. Application and Submission Information.

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via email to support@grants.gov. The Grants.gov Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must email the SMART Office contact identified below **within 24 hours after the application deadline** in order to request approval to submit its application after the deadline. Additional information on reporting technical issues appears under "Experiencing Unforeseen Grants.gov Technical Issues" in the [How to Apply](#) section.

For assistance with any other requirements of this solicitation, contact Samantha Opong, by telephone at (202) 514-9320, or by email at Samantha.Opong@usdoj.gov or Amy Staubs at (202) 307-5762 or Amy.Staubs@usdoj.gov.

Grants.gov number assigned to this solicitation: SMART-2017-11260

SMART FY 17 Adam Walsh Act Implementation Grant Program

CFDA # 16.750

A. Program Description

Overview

The Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking (SMART) Support for Adam Walsh Act Implementation Grant Program assists jurisdictions with developing and/or enhancing programs designed to implement the Sex Offender Registration and Notification Act (SORNA). SORNA (42 U.S.C. § 16901, Title I) was enacted to protect the public by establishing a comprehensive national system of standards for the registration and notification of convicted sex offenders.

The term jurisdiction is defined in the SORNA national guidelines as any State of the United States, the District of Columbia, the principal U.S. territories and federally-recognized Indian tribes to the extent provided by SORNA section 127.

Statutory Authority: This solicitation will be funded by funds made available pursuant to the Adam Walsh Child Protection Act, 42 U.S.C. 16901 et seq.; Pub. L. No. 114-113, 129 Stat. 2242, 2307.

Program-Specific Information

The Support for Adam Walsh Act (AWA) Implementation Grant Program assists jurisdictions with developing and/or enhancing programs designed to implement requirements of SORNA. In summary, SORNA requires: (1) all States, the District of Columbia, the principal U.S. territories, and participating federally recognized Indian tribes to maintain a sex offender registry; and (2) sex offenders to register and maintain a current registration in each jurisdiction where the offender resides, is an employee, or is a student. SORNA also sets forth requirements for sex offender registries, to include specified information, duration of registration, and in-person verification of sex offender registration information, as well as participation in the National Sex Offender Public Website (NSOPW), and the utilization of the SORNA Exchange Portal. For more specific information about substantial implementation of SORNA and access to the National Guidelines and Supplemental Guidelines on Sex Offender Registration and Notification, please visit http://www.smart.gov/pdfs/final_sornaguidelines.pdf. For information and resources on SORNA, visit www.smart.gov.

Goals, Objectives, and Deliverables

The SMART Office is interested in proposals that facilitate, enhance and maintain jurisdictional implementation of SORNA.

For State and Territorial jurisdictions that have not yet substantially implemented SORNA, applicants must have received a SORNA Substantial Implementation Report from the SMART Office, or submitted materials for review,¹ and must explain how the proposed project will bring the jurisdiction closer to implementation based upon SMART's review.

For tribal jurisdictions that have not yet substantially implemented SORNA, applicants must have received a SORNA Substantial Implementation Report, or submitted materials for review or requested and received a "reasonable time" extension from the SMART Office. If the jurisdiction has received a Substantial Implementation Report, the applicant must explain how the proposed project will bring the jurisdiction closer to implementation based on SMART's review.

Discussion of a jurisdiction's planned activities should include information regarding the jurisdiction's SORNA implementation working group. The working group plan should include a list of the working group members, their responsibility regarding SORNA implementation, and an agenda for the group's work during the grant period, in addition to the timeline of the applicant's planned activities otherwise required by this solicitation. It is expected that successful grantees will complete semi-annual progress reports that include updates on their jurisdiction's working group meetings. This requirement does not apply to jurisdictions that have already been found to have substantially implemented SORNA.

For those jurisdictions that have substantially implemented SORNA, the application must explain how the proposed project will either support continued implementation of SORNA or enhance their registration/notification programs. State and Territorial applicants should link their proposed activities with non-implemented factors as identified in their most recent SORNA Substantial Implementation Report.

In developing and/or enhancing efforts or programs designed to implement or maintain SORNA standards, applicants may propose specific strategies and projects including, but not limited to, the following examples:

Examples of strategies and projects to develop or enhance jurisdiction-wide SORNA implementation

All applicants:

- Developing proposed legislation and administrative materials (such as policies and procedures) that address SORNA's requirements, including legal support.
- Providing support for coordinated interagency efforts to enhance implementation of SORNA requirements.
- Developing or enhancing law enforcement and other criminal justice agency information sharing within the jurisdiction as well as between jurisdictions.
- Implementing records management projects, such as converting paper documents to digital format as required by SORNA.
- Developing and implementing training, including safety training, for law enforcement and other criminal justice agency personnel responsible for sex offender registration, notification, monitoring, and/or management.

¹ For further information on submitting materials to SMART see: www.smart.gov/sorna_tools.htm#materials

- Enhancing registration verification strategies, collaborating with other jurisdictions and agencies on absconder investigations, and expanding community education and prevention programs related to sex offender registration, notification, or management.
- Enhancing infrastructure to assist implementation of SORNA, such as the collection, storage, submission or analysis of sex offender biometric data (finger and palm prints) and DNA. ***See budget information on page 6 including referenced footnote for more information.***

Tribal applicants:

- Tribes that have elected to carry out the requirements of SORNA are encouraged to apply for funding to support SORNA implementation activities that benefit a consortium of tribes that have elected to implement SORNA. Several tribes may choose to form a consortium to share resources (e.g., hardware, digital fingerprint equipment, kiosks; joint staff or shared registry office space; shared public registry website, etc.) or collaborate on enforcement activities or other facilities used for registration. An application to fund such a collaborative approach or project must include supporting documentation, such as an interagency agreement, a memorandum of understanding, or a letter of cooperation that demonstrates commitment from each member jurisdiction of the consortium.
- Tribes that have been found to have substantially implemented SORNA may apply for funding to create, improve and/or sustain registration/notification activities, including but not limited to developing community education programs on sex offender topics (e.g., promoting an understanding of the tribe's sex offender registration, notification, treatment, and community supervision strategies; safety planning; and facts and statistics about sexual offending and offenders), or collaboration with intra-tribal organizations, including victim service agencies, courts, probation, schools and other entities. An application to fund such a collaborative approach or project must include supporting documentation from the included tribal organizations detailing how the collaboration will be effectuated. The application should also detail how such strategies will sustain and support the tribe's sex offender registration and notification program.
- Tribes that have been found to have substantially implemented SORNA may apply for funding to develop or enhance their inter-jurisdictional cooperation, including but not limited to information-sharing infrastructure improvement.

States with tribal jurisdictions within their borders:

- States may apply to support efforts of local or state units of government, or P.L. 280 tribes, to develop or enhance their sex offender registration and notification functions as they pertain to tribal nations that have been delegated to the state for the purpose of substantial implementation of SORNA.
- State jurisdictions that include P.L. 280 tribes are encouraged to design projects that address SORNA implementation as it relates to these tribes.
- State jurisdictions that have Tribal SORNA Jurisdictions within their borders may apply for funding to enhance their collaboration with SORNA tribes including but not limited to enhancing information sharing such as tribal access to NCIC/NSOR. An application to

fund such a collaborative approach or project must include supporting documentation, such as an interagency agreement, a memorandum of understanding, or a letter of cooperation, which demonstrates the collaborative endeavor from each member SORNA jurisdiction involved in the collaboration.

Additional Information Required

State and territory applicants that are eligible to receive Byrne/JAG reallocation funding should describe how the proposed project complements the work that the jurisdiction plans to perform with that reallocation funding. Applicants shall ensure that the project involves activities that are separate from or complement the tasks being performed with the SORNA reallocation funding, so as to avoid receiving duplicate funds for the same activity.

The Goals, Objectives and Deliverables are directly related to the performance measures set out in the table in [Section D. Application and Submission Information](#), under "Program Narrative."

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- Improving the quantity and quality of evidence OJP generates
- Integrating evidence into program, practice, and policy decisions within OJP and the field
- Improving the translation of evidence into practice

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. The [OJP CrimeSolutions.gov](http://OJP.CrimeSolutions.gov) website is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

B. Federal Award Information

The SMART Office will make awards of up to \$400,000 each, with an estimated total amount awarded of up to \$11 million. The SMART Office expects to make awards for a 24-month period of performance, to begin on October 1, 2017.

The SMART Office may, in certain cases, provide additional funding in future years to awards made under this solicitation, through supplemental awards. In making decisions regarding supplemental awards, OJP will consider, among other factors, the availability of appropriations, OJP's strategic priorities, and OJP's assessment of both the management of the award (for

example, timeliness and quality of progress reports), and the progress of the work funded under the award.

All awards are subject to the availability of appropriated funds, and to any modifications or additional requirements that may be imposed by law.

Type of Award

The SMART Office expects that any award under this solicitation will be made in the form of a grant. See [Administrative, National Policy, and Other Legal Requirements](#), under [Section F. Federal Award Administration Information](#), for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities²) must, as described in the Part 200 Uniform Requirements³ as set out at 2 C.F.R. 200.303:

- (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that [the recipient (and any subrecipient)] is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.
- (c) Evaluate and monitor [the recipient’s (and any subrecipient’s)] compliance with statutes, regulations, and the terms and conditions of Federal awards.
- (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or [the recipient (or any subrecipient)] considers

² For purposes of this solicitation, the phrase “pass-through entity” includes any recipient or subrecipient that provides a subaward (“subgrant”) to a subrecipient (“subgrantee”) to carry out part of the funded award or program.

³ The “Part 200 Uniform Requirements” means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.

sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

To help ensure that applicants understand applicable administrative requirements and cost principles, OJP encourages prospective applicants to enroll, at no charge, in the DOJ Grants Financial Management Online Training, available [here](#).

Budget Information

Applicants should be aware that the SMART Office has developed information technology resources that have been made available to all SORNA jurisdictions for the purpose of meeting requirements of participation in the Dru Sjodin National Sex Offender Public Website. These resources include software such as: mapping technology, geographic radius and email address search applications, and community notification and email notification applications. Additionally, the SMART Office provides the Tribe and Territory Sex Offender Registry System (TTSORS) free of charge to tribes and territories. TTSORS assists the tribes and territories with implementing SORNA registry system requirements. It functions as the administrative registry system and as the public sex offender registry website system for jurisdictions. Additional information about TTSORS is available at www.smart.gov/pdfs/TTSORSFactSheet.pdf. It is therefore recommended that applicants avoid proposals that include similar software expenditures.

In addition, the Sex Offender Registry Tool (SORT) is available to states at no cost to assist with implementing SORNA registry system requirements. It was designed to improve information sharing capabilities and make the sex offender registry system setup and maintenance process as efficient and effective as possible. SORT functions as the state-level administrative registry system and provides local registration agencies with their own specialized public sex offender registry website. Additional information about SORT is available at www.ojp.usdoj.gov/smart/pdfs/SORT_Fact_Sheet.pdf.

Software may be purchased with funding under this solicitation if there is a proven and justifiable need. Allowable software purchases include: software needed by the jurisdiction to support kiosks or facilitate information sharing between a jurisdiction's sex offender registry and other law enforcement-operated electronic systems or databases and sex offender tracking systems within the jurisdiction (including local law enforcement); software that facilitates sex offender tracking and management throughout the jurisdiction; and software or technical assistance necessary to facilitate use of SMART-provided software resources.

Applicant proposals may include the purchase of equipment for items such as digital fingerprint and palm print equipment, scanners to transfer existing records and documents into a digital format, computer hardware and DNA collection equipment.⁴ It is expected that, in this grants

⁴ Tribes that propose to utilize grant funds to support the collection, storage, and submission of DNA must document that costs are necessary and verifiable. Examples of verified and validated costs include fees that a state or its political subdivision charges the tribe for collection, storage, or submission of DNA. Please note that contracting with a private lab does not facilitate submission of DNA to the Combined DNA Index System (CODIS), and thus does not meet SORNA requirements. As a result, private lab fees are considered unallowable costs. The FBI Laboratory permits SORNA tribes to receive free DNA collection kits, and the FBI Laboratory analyzes the kits and enters the data into CODIS for free. Please contact the SMART Office for additional information about utilizing this service.

cycle and in future years, Adam Walsh Act implementation funding will be increasingly used for implementation activities other than the purchase of equipment, given the widespread automation of law enforcement records systems since the enactment of SORNA.

Grant funds to tribes can be used to purchase an electronic scanner or Live Scan device for scanning finger and palm prints for upload to the FBI databases IAFIS and Next Gen. However, tribes will typically have to coordinate with the State in which they are located in order to connect to those federal databases.⁵ **NOTE:** A Tribe can purchase a scanner without working with the State, but if no connection is effectuated the tribe will have to print the scanned prints and mail them to the FBI utilizing mailers provided by the FBI. Information on this process is available on the SMART Office website, www.smart.gov.

States will need to agree to accept and facilitate a connection to a tribe that wishes to use such devices for the upload. Further, States will need to provide to the tribe information on what hardware or device will interface with their system. Tribal applicants must document either (1) how the transmission of data will be made directly to the FBI, or (2) how data will be transmitted through the state, including any MOUs or other agreements.

Cost Sharing or Match Requirement

This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Pre-Agreement Costs (also known as Pre-award Costs)

Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the federal award.

OJP does **not** typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. All such costs incurred prior to award and prior to approval of the costs are incurred at the sole risk of the applicant. (Generally, no applicant should incur project costs *before* submitting an application requesting federal funding for those costs.) Should there be extenuating circumstances that make it appropriate for OJP to consider approving pre-agreement costs, the applicant may contact the point of contact listed on the title page of this solicitation for the requirements concerning written requests for approval. If approved in advance by OJP, award funds may be used for pre-agreement costs, consistent with the recipient's approved budget and applicable cost principles. See the section on Costs Requiring Prior Approval in the [DOJ Grants Financial Guide](#) for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver

With respect to any award of more than \$250,000 made under this solicitation, a recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a

⁵ This process may change in the future with the expansion of the Department's Tribal Access Program, which is in its early stages as of the time of this solicitation.

Certified SES Performance Appraisal System for that year.⁶ The 2017 salary table for SES employees is available at the Office of Personnel Management [website](#). Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Non-federal funds used for any such additional compensation will not be considered matching funds, where match requirements apply.) If only a portion of an employee's time is charged to an OJP award, the maximum allowable compensation is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, this limitation on compensation rates allowable under an award. An applicant that requests a waiver should include a detailed justification in the budget narrative of its application. An applicant that does not submit a waiver request and justification with its application should anticipate that OJP will require the applicant to adjust and resubmit the budget.

The justification should address -- in the context of the work the individual would do under the award -- the particular qualifications and expertise of the individual, the uniqueness of a service the individual will provide, the individual's specific knowledge of the proposed program or project, and a statement that explains whether and how the individual's salary under the award would be commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work he/she would do under the award.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting- or training-related activity (or similar event) to review carefully—before submitting an application—the OJP and DOJ policy and guidance on approval, planning, and reporting of such events, available at

www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference-, meeting-, and training- costs for cooperative agreement recipients, as well as some conference-, meeting-, and training- costs for grant recipients; and (3) set cost limits, which include a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services, where appropriate.

For additional information, see the "Civil Rights Compliance" section under "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#)" in the [OJP Funding Resource Center](#).

C. Eligibility Information

For eligibility information, see the title page.

⁶ OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed in Appendix VIII to 2 C.F.R. Part 200.

For information on cost sharing or match requirements, see [Section B. Federal Award Information](#).

D. Application and Submission Information

What an Application Should Include

This section describes in detail what an application should include. An applicant should anticipate that if it fails to submit an application that contains all of the specified elements, it may negatively affect the review of its application; and, should a decision be made to make an award, it may result in the inclusion of award conditions that preclude the recipient from accessing or using award funds until the recipient satisfies the conditions and OJP makes the funds available.

Moreover, an applicant should anticipate that an application that OJP determines is nonresponsive to the scope of the solicitation, or that OJP determines does not include the application elements that the SMART Office has designated to be critical, will neither proceed to peer review, nor receive further consideration. For this solicitation, the SMART Office has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, Budget Narrative, and requested funding amount does not exceed the maximum amount allowable. An applicant may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it must contain **both** narrative and detail information. Please review the "Note on File Names and File Types" under [How to Apply](#) (below) to be sure applications are submitted in permitted formats.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., "Program Narrative," "Budget Detail Worksheet and Budget Narrative," "Timelines," "Memoranda of Understanding," "Résumés") for all attachments. Also, OJP recommends that applicants include résumés in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant's profile to populate the fields on this form. When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable).

To avoid processing delays, an applicant must include an accurate legal name on its SF-424. Current OJP award recipients, when completing the field for "Legal Name" should use the same legal name that appears on the prior year award document which is also the legal name stored in OJP's financial system. On the SF-424, enter the Legal Name in box 5 and Employer Identification Number (EIN) in box 6 exactly as it appears on the prior year award document. An applicant with current, active award(s) must ensure that its GMS profile is

current. If the profile is not current, the applicant should submit a Grant Adjustment Notice updating the information on its GMS profile prior to applying under this solicitation.

A new applicant entity should enter the Official Legal Name and address of the applicant entity in box 5 and the EIN in box 6 of the SF-424. Applicants must attach official legal documents to its applications (e.g., articles of incorporation, 501(c)(3), etc.) to confirm the legal name, address, and EIN entered into the SF-424.

Intergovernmental Review: This solicitation ("funding opportunity") is subject to [Executive Order 12372](#). An applicant may find the names and addresses of State Single Points of Contact (SPOCs) at the following website: <https://ojp.gov/funding/Apply/Resources/eo12372spoc.pdf>. If the State appears on the SPOC list, the applicant must contact the State SPOC to find out about, and comply with, the State's process under E.O. 12372. In completing the SF-424, an applicant whose State appears on the SPOC list is to make the appropriate selection in response to question 19 once the applicant has complied with its State E.O. 12372 process. (An applicant whose State does not appear on the SPOC list should answer question 19 by selecting the response that the "Program is subject to E.O. 12372 but has not been selected by the State for review.")

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience
- Submitted as a separate attachment with "Project Abstract" as part of its file name
- Single-spaced, using a standard 12-point font (such as Times New Roman) with 1-inch margins

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

All project abstracts should follow the detailed template available at ojp.gov/funding/Apply/Resources/ProjectAbstractTemplate.pdf.

Permission to Share Project Abstract with the Public: It is unlikely that OJP will be able to fund all applications submitted under this solicitation, but it may have the opportunity to share information with the public regarding unfunded applications, for example, through a listing on a web page available to the public. The intent of this public posting would be to allow other possible funders to become aware of such applications.

In the project abstract template, each applicant is asked to indicate whether it gives OJP permission to share the applicant's project abstract (including contact information for individuals) with the public. Granting (or failing to grant) this permission will not affect OJP's funding decisions. Moreover, if the application is not funded, providing permission will not ensure that OJP will share the abstract information, nor will it assure funding from any other source.

Note: OJP may choose not to list a project that otherwise would have been included in a listing of unfunded applications, should the abstract fail to meet the format and content requirements noted above and outlined in the project abstract template.

3. Program Narrative

The program narrative should respond to the solicitation and present a detailed description of the purpose, scope, goals and objectives of the proposed project. The program narrative should be double-spaced, using a standard 12-point font (Times New Roman is preferred) with 1-inch margins, and should not exceed 25 pages. Please number pages “1 of 25,” “2 of 25,” etc. Submissions that do not adhere to the format will be deemed ineligible. Information required under the “Budget and Budget Narrative” and “Other Attachments” sections will not count toward the program narrative page count.

If the program narrative fails to comply with these length-related restrictions, the SMART Office may consider such noncompliance in peer review and in final award decisions.

The following sections should be included as part of the program narrative⁷:

a. Statement of the Problem

Applicants should describe the challenges that the jurisdiction faces in implementing or maintaining ongoing compliance with the Sex Offender Registration and Notification Act (SORNA) and the strategy for addressing those challenges, should grant funds be awarded. Applicants should describe steps taken to assess and analyze their current sex offender registration and notification systems in relation to SORNA implementation or ongoing compliance. This section should also detail ongoing jurisdiction efforts to address implementation or maintain compliance. State and territorial applicants should link the proposed activities to as-yet unmet implementation needs identified in the most recent substantial implementation report, if any. Applicants should discuss the jurisdiction’s strategy to implement SORNA and identify deficits or problems encountered as well as needs identified in order to substantially implement or maintain substantial implementation.

b. Project Design and Implementation

Project Goals and Objectives: Applicants should describe the goals of the proposed project and identify its objectives and outcomes. **Goals:** Applicants should provide a broad statement, written in general terms, that conveys the project’s intent to change, reduce, or eliminate the problem described. **Objectives:** Applicants should explain how the program will accomplish its goals. The objectives should be quantifiable and describe the steps necessary to accomplish project goals. When formulating the project’s goals and objectives, applicants should be cognizant of the performance measures that will be required of successful applicants.

Applicants should detail how the project will operate during the funding period and describe the strategy that will be used to implement the proposed project. This section should illustrate what activities are proposed for the project and describe how the

⁷ For information on subawards (including the details on proposed subawards that should be included in the application), see "Budget and Associated Documentation" under [Section D. Application and Submission Information](#).

strategy will support the goals and objectives. Applicants should outline how the proposed project will move the jurisdiction closer to substantial implementation of SORNA or enhance ongoing SORNA compliance and help to sustain the efficacy and viability of the jurisdiction's sex offender registration and notification program. In addition, applicants should specifically identify each SORNA requirement that will be implemented or enhanced as a result of the proposed project.

- Project timeline: Submit as an attachment a project timeline with each project goal, related objective, activity, expected completion date, and responsible person or organization. Please do not use actual calendar months in the timeline; instead prepare the timeline using "Month 1", etc.
- SORNA Working Group Plan (for jurisdictions that have not already implemented SORNA): Discussion of a jurisdiction's planned activities should include information regarding the jurisdiction's SORNA implementation working group. The working group plan should include a list of the working group members and their responsibility regarding SORNA implementation. It is expected that successful grantees will report on their jurisdiction's working group meetings in their quarterly progress reports. This requirement does not apply to jurisdictions that have already been found to be substantially implementing SORNA.

In addition, state and territory applicants that are eligible to receive the Byrne/JAG penalty funding reallocation should describe how the project complements the work that the jurisdiction plans to perform with that reallocation funding. Applicants should take care to ensure that the project involves activities that are separate from or complement the tasks being performed with the reallocation funding, so as to avoid receiving duplicate funds for the same activity.

c. Capabilities and Competencies

Applicants should describe the management structure and staffing of the project and include information describing the roles and responsibility of key organizational and functional components and personnel. This section should describe the experience and capability of the applicant and any contractors that will be used to implement the project and highlight any previous experience implementing projects of similar design or magnitude. The management and organizational structure described should match the staff needs necessary to accomplish the tasks outlined in the project work plan.

- Position descriptions and/or resumes for key positions/personnel should be submitted as an attachment.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Applicants should describe how performance will be documented, monitored, and evaluated, including how the impact of the strategy implemented and/or enhancement will be determined. It should also discuss plans for sustainability, i.e., how the program will continue to operate beyond the period of the grant award. If personnel costs are supported by grant funds, specific discussion of how these positions will be maintained beyond the period of the grant award must be included.

OJP will require each successful applicant to submit specific performance measures data as part of its reporting under the award (see [“General Information about Post-Federal Award Reporting Requirements”](#) in [Section F. Federal Award Administration Information](#)). The performance measures correlate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables" in [Section A. Program Description](#).

The application should describe the applicant's plan for collection of all of the performance measures data listed in the table below under “Data Recipient Provides,” should it receive funding.

Objective	Performance Measure(s)	Data Recipient Provides
Improve public sex offender registry systems to support and maintain SORNA compliance	Number of SORNA requirements implemented during the reporting period	Number of policies/procedures and/or programs established/amended to comply with SORNA during the reporting period (if applicable)
	Number of staff trained (if applicable)	Number of jurisdiction personnel trained on SORNA compliance during the reporting period
	Percentage of records/data made electronically accessible for inclusion in SORNA jurisdiction sex offender registries (if applicable)	Number of updated sex offender registration records electronically transmitted (intra- and inter-jurisdictionally) through the SORNA Exchange Portal during each

		month of the reporting period
	Number of records that are automated (if applicable)	Number of records/data (including sex offender case files; sex offender registration information; finger/palm print cards; DNA) captured and/or automated during the reporting period
	Increase in information exchange between State/Tribal/Territory sex offender registration agencies and other SORNA jurisdictions or federal, state or local agencies	Number of information exchanges between State/Tribal/Territory sex offender registration agencies and other SORNA jurisdictions or federal, state or local agencies, by type, through the SORNA Exchange Portal
Enhance jurisdiction efforts to address victim and public safety	Percentage of registered sex offenders in compliance with jurisdiction registry requirements	Number of sex offenders who are in compliance with jurisdiction registry requirements each month during the project period Number of sex offenders who are registered in the jurisdiction each month during the project period

		Number of sex offender address verifications/compliance checks completed each month during the project
	Percentage of registered sex offenders in non-compliance with jurisdiction registry requirements	Number of sex offenders identified as non-compliant with jurisdiction registry requirements during each month of the project period Number of sex offenders who are registered in the jurisdiction each month during the project period
	Number of sex offenders newly registered (tribal jurisdictions only)	Number of sex offenders newly registered each month in the jurisdiction during the reporting period (tribal jurisdictions only)
	Number of partnerships maintained	Number of partnerships maintained with other jurisdictions and agencies on absconder investigations Number of partnerships maintained with victims' service providers on

		community education and prevention programs related to sex offender registration, notification, and management
Develop SORNA implementation training for law enforcement and other criminal justice agency personnel (if applicable)	Number of education/training modules developed (if applicable)	Number of education/training modules developed related to SORNA implementation in the jurisdiction
	Number of participants who complete training (if applicable)	Number of participants who complete training (if applicable)
	Number of participants who reported that the training provided information that could be utilized in their job (if applicable)	Number of law enforcement and other criminal justice agency personnel who reported that the training provided information on SORNA implementation that could be utilized in their job

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements, likely do not constitute “research.” Each applicant should provide sufficient information for OJP to determine whether the particular project it proposes would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ definition of research that appears at 28 C.F.R. Part 46 (“Protection of Human Subjects”).

Research, for purposes of human subjects protection for OJP-funded programs, is defined as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” 28 C.F.R. 46.102(d).

For additional information on determining whether a proposed activity would constitute research for purposes of human subjects protection, applicants should consult the decision tree in the “Research and the protection of human subjects” section of the “[Requirements related to Research](#)” web page of the “[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#),” available through the [OJP Funding Resource Center](#). Every prospective applicant whose application may propose a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that web page.

4. Budget and Associated Documentation

a. Budget Detail Worksheet

A sample Budget Detail Worksheet can be found at www.ojp.gov/funding/Apply/Resources/BudgetDetailWorksheet.pdf. An applicant that submits its budget in a different format should use the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should break out costs by year.

For questions pertaining to budget and examples of allowable and unallowable costs, see the [DOJ Grants Financial Guide](#).

b. Budget Narrative

The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

An applicant should demonstrate in its budget narrative how it will maximize cost effectiveness of award expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The budget narrative should be mathematically sound and correspond clearly with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how those costs are necessary to the completion of the proposed project. The narrative may include tables for clarification purposes, but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the budget narrative should describe costs by year.

c. Information on Proposed Subawards (if any), as well as on Proposed Procurement Contracts (if any)

Applicants for OJP awards typically may propose to make "subawards." Applicants also may propose to enter into procurement "contracts" under the award.

Whether -- for purposes of federal grants administrative requirements -- a particular agreement between a recipient and a third party will be considered a "subaward" or instead considered a procurement "contract" under the award is determined by federal rules and applicable OJP guidance. It is an important distinction, in part because the federal administrative rules and requirements that apply to "subawards" and to procurement "contracts" under awards differ markedly.

In general, the central question is the relationship between what the third-party will do under its agreement with the recipient and what the recipient has committed (to OJP) to do under its award to further a public purpose (e.g., services the recipient will provide, products it will develop or modify, research or evaluation it will conduct). If a third party will provide some of the services the recipient has committed (to OJP) to provide, will develop or modify all or part of a product the recipient has committed (to OJP) to develop or modify, or will conduct part of the research or evaluation the recipient has committed (to OJP) to conduct, OJP will consider the agreement with the third party a subaward for purposes of federal grants administrative requirements.

This will be true **even if** the recipient, for internal or other non-federal purposes, labels or treats its agreement as a procurement, a contract, or a procurement contract. Neither the title nor the structure of an agreement determines whether the agreement -- for purposes of federal grants administrative requirements -- is a "subaward" or is instead a procurement "contract" under an award.

Additional guidance on the circumstances under which (for purposes of federal grants administrative requirements) an agreement constitutes a subaward as opposed to a procurement contract under an award, is available (along with other resources) on the [OJP Part 200 Uniform Requirements](#) web page.

1. Information on proposed subawards

A recipient of an OJP award may not make subawards ("subgrants") unless the recipient has specific federal authorization to do so. Unless an applicable statute or DOJ regulation specifically authorizes (or requires) subawards, a recipient must have authorization from OJP before it may make a subaward.

A particular subaward may be authorized by OJP because the recipient included a sufficiently-detailed description and justification of the proposed subaward in the application as approved by OJP. If, however, a particular subaward is not authorized by federal statute or regulation, and is not sufficiently described and justified in the application as approved by OJP, the recipient will be required, post-award, to request and obtain written authorization from OJP before it may make the subaward.

If an applicant proposes to make one or more subawards to carry out the federal award and program, the applicant should-- (1) identify (if known) the proposed subrecipient(s), (2) describe in detail what each subrecipient will do to carry out the federal award and federal program, and (3) provide a justification for the subaward(s), with details on

pertinent matters such as special qualifications and areas of expertise. Pertinent information on subawards should appear not only in the Program Narrative, but also in the Budget Detail Worksheet and budget narrative.

2. Information on proposed procurement contracts (with specific justification for proposed noncompetitive contracts over \$150,000)

Unlike a recipient contemplating a subaward, a recipient of an OJP award generally does not need specific prior federal authorization to enter into an agreement that -- for purposes of federal grants administrative requirements -- is considered a procurement contract, **provided that** (1) the recipient uses its own documented procurement procedures and (2) those procedures conform to applicable federal law, including the Procurement Standards of the (DOJ) Part 200 Uniform Requirements (as set out at 2 C.F.R. 200.317 - 200.326). The Budget Detail Worksheet and budget narrative should identify proposed procurement contracts. (As discussed above, subawards must be identified and described separately from procurement contracts.)

The Procurement Standards in the Part 200 Uniform Requirements, however, reflect a general expectation that agreements that (for purposes of federal grants administrative requirements) constitute procurement "contracts" under awards will be entered into on the basis of full and open competition. If a proposed procurement contract would exceed the simplified acquisition threshold -- currently, \$150,000 -- a recipient of an OJP award may not proceed without competition unless and until the recipient receives specific advance authorization from OJP to use a non-competitive approach for the procurement.

An applicant that (at the time of its application) intends -- without competition -- to enter into a procurement "contract" that would exceed \$150,000 should include a detailed justification that explains to OJP why, in the particular circumstances, it is appropriate to proceed without competition. Various considerations that may be pertinent to the justification are outlined in the [DOJ Grants Financial Guide](#).

d. Pre-Agreement Costs

For information on pre-agreement costs, see [Section B. Federal Award Information](#).

5. Indirect Cost Rate Agreement (if applicable)

Indirect costs may be charged to an award only if:

- (a) The recipient has a current (that is, unexpired), federally-approved indirect cost rate;
or
- (b) The recipient is eligible to use, and elects to use, the "de minimis" indirect cost rate described in the Part 200 Uniform Requirements, as set out at 2 C.F.R. 200.414(f).

An applicant with a current (that is, unexpired) federally-approved indirect cost rate is to attach a copy of the indirect cost rate agreement to the application. An applicant that does not have a current federally-approved rate may request one through its cognizant federal agency, which will review all documentation and approve a rate for the applicant entity, or, if the applicant's accounting system permits, applicants may propose to allocate costs in the direct cost categories.

For assistance with identifying the appropriate cognizant federal agency for indirect costs, please contact the OCFO Customer Service Center at 1-800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at <http://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf>.

Certain OJP recipients have the option of electing to use the “de minimis” indirect cost rate. An applicant that is eligible to use the “de minimis” rate that wishes to use the “de minimis” rate should attach written documentation to the application that advises OJP of both-- (1) the applicant’s eligibility to use the “de minimis” rate, and (2) its election to do so. If an eligible applicant elects the “de minimis” rate, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. The “de minimis” rate may no longer be used once an approved federally-negotiated indirect cost rate is in place. (No entity that ever has had a federally-approved negotiated indirect cost rate is eligible to use the “de minimis” rate.)

6. Tribal Authorizing Resolution (if applicable)

A tribe, tribal organization, or third party that proposes to provide direct services or assistance to residents on tribal lands should include in its application a resolution, letter, affidavit, or other documentation, as appropriate, that demonstrates (as a legal matter) that the applicant has the requisite authorization from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for an award on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the award. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

7. Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high-risk status)

Every applicant (other than an individual applying in his/her personal capacity) is to download, complete, and submit the [OJP Financial Management and System of Internal Controls Questionnaire](#), as part of its application.

Among other things, the form requires each applicant to disclose whether it currently is designated “high risk” by a federal grant-making agency outside of DOJ. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the applicant’s past performance, or other programmatic or financial concerns with the applicant. If an applicant is designated high risk by another federal awarding agency, the applicant must provide the following information:

- The federal awarding agency that currently designates the applicant high risk
- The date the applicant was designated high risk
- The high-risk point of contact at that federal awarding agency (name, phone number, and email address)
- The reasons for the high-risk status, as set out by the federal awarding agency

OJP seeks this information to help ensure appropriate federal oversight of OJP awards. An applicant that is considered “high-risk” by another federal awarding agency is not automatically disqualified from receiving an OJP award. OJP may, however, consider the information in award decisions, and may impose additional OJP oversight of any award under this solicitation (including through the conditions that accompany the award document).

8. Disclosure of Lobbying Activities

Each applicant must complete and submit this information. An applicant that expends any funds for lobbying activities is to provide all of the information requested on the form [Disclosure of Lobbying Activities \(SF-LLL\)](#). An applicant that does not expend any funds for lobbying activities is to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

9. Additional Attachments

Applicants should submit the following information as attachments to their application:

- Project Timeline
- Position descriptions and resumes
- Indirect Cost Rate Agreement (if applicable)
- For tribal applicants:
 - Tribal resolution filed with the SMART Office that documents the tribe’s election to carry out the requirements of SORNA.
 - Tribal Authorizing Resolution

Applicants proposing a collaborative effort should provide:

- Letter of cooperation, memorandum of understanding, or interagency agreement that documents the collaborative work of all involved agencies.

Applicants who have not already substantially implemented SORNA should provide:

- SORNA Working Group plan, which should include working group structure, working group members and discussion of jurisdiction’s planned activities.

Jurisdictions that have been previously funded and are proposing to support local units of government or P.L. 280 tribes to develop or enhance their sex offender registration and notification functions should provide:

- Letter of support or cooperation and/or a MOU that indicates that the local jurisdiction or Tribe is in agreement with and supportive of the proposed activities.

a. Applicant Disclosure of Pending Applications

Each applicant is to disclose whether it has (or is proposed as a subrecipient under) any pending applications for federally-funded grants or cooperative agreements that (1)

include requests for funding to support the same project being proposed in the application under this solicitation, and (2) would cover any identical cost items outlined in the budget submitted to OJP as part of the application under this solicitation. The applicant is to disclose applications made directly to federal awarding agencies, and also applications for subawards of federal funds (e.g., applications to State agencies that will subaward (“subgrant”) federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Each applicant that has one or more pending applications as described above is to provide the following information about pending applications submitted within the last 12 months:

- The federal or State funding agency
- The solicitation name/project name
- The point of contact information at the applicable federal or State funding agency

Federal or State Funding Agency	Solicitation Name/Project Name	Name/Phone/Email for Point of Contact at Federal or State Funding Agency
DOJ/Office of Community Oriented Policing Services (COPS)	COPS Hiring Program	Jane Doe, 202/000-0000; jane.doe@usdoj.gov
Health and Human Services/Substance Abuse & Mental Health Services Administration	Drug-Free Communities Mentoring Program/North County Youth Mentoring Program	John Doe, 202/000-0000; john.doe@hhs.gov

Each applicant should include the table as a separate attachment to its application. The file should be named “Disclosure of Pending Applications.” The applicant Legal Name on the application must match the entity named on the disclosure of pending applications statement.

Any applicant that does not have any pending applications as described above is to submit, as a separate attachment, a statement to this effect: “[Applicant Name on SF-424] does not have (and is not proposed as a subrecipient under) any pending applications submitted within the last 12 months for federally-funded grants or cooperative agreements (or for subawards under federal grants or cooperative agreements) that request funding to support the same project being proposed in this application to OJP and that would cover any identical cost items outlined in the budget submitted as part of in this application.”

How to Apply

Applicants must register in, and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at www.Grants.gov. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800-518-4726** or **606-545-5035**, which operates 24 hours a day, 7 days a week, except on federal holidays.

Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation of registration and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications at least 72 hours prior to the application due date, in order to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP strongly encourages all prospective applicants to sign up for Grants.gov email [notifications](#) regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

Browser Information: Grants.gov was built to be compatible with Internet Explorer. For technical assistance with Google Chrome, or another browser, contact Grants.gov Customer Support.

Note on Attachments: Grants.gov has two categories of files for attachments: “mandatory” and “optional.” OJP receives all files attached in both categories. Please ensure that all required documents are attached in either Grants.gov category.

Note on File Names and File Types: Grants.gov only permits the use of certain specific characters in the file names of attachments. Valid file names may include only the characters shown in the table below. Grants.gov rejects any application that includes an attachment(s) with a file name that contains any characters not shown in the table below. Grants.gov forwards successfully-submitted applications to the OJP Grants Management System (GMS).

Characters	Special Characters		
Upper case (A – Z)	Parenthesis ()	Curly braces { }	Square brackets []
Lower case (a – z)	Ampersand (&)	Tilde (~)	Exclamation point (!)
Underscore (_)	Comma (,)	Semicolon (;)	Apostrophe (')
Hyphen (-)	At sign (@)	Number sign (#)	Dollar sign (\$)
Space	Percent sign (%)	Plus sign (+)	Equal sign (=)
Period (.)	Applicants must use the “&” format in place of the ampersand (&) when using XML format for documents.		

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications

with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

Every applicant entity must comply with all applicable System for Award Management (SAM) and unique entity identifier (currently, a Data Universal Numbering System [DUNS] number) requirements. If an applicant entity has not fully complied with applicable SAM and unique identifier requirements by the time OJP makes award decisions, OJP may determine that the applicant is not qualified to receive an award and may use that determination as a basis for making the award to a different applicant.

An individual who wishes to apply in his/her personal capacity should search Grants.gov for funding opportunities for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. (An applicant applying as an individual must comply with all applicable Grants.gov individual registration requirements.)

Complete the registration form at <https://apply07.grants.gov/apply/IndCPRegister> to create a username and password for Grants.gov. (An applicant applying as an individual should complete all steps except 1, 2 and 4.)

- 1. Acquire a unique entity identifier (currently, a DUNS number).** In general, the Office of Management and Budget requires every applicant for a federal award (other than an individual) to include a "unique entity identifier" in each application, including an application for a supplemental award. Currently, a DUNS number is the required unique entity identifier.

A DUNS number is a unique nine-digit identification number provided by the commercial company Dun and Bradstreet. This unique entity identifier is used for tracking purposes, and to validate address and point of contact information for applicants, recipients, and subrecipients. It will be used throughout the life cycle of an OJP award. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.

- 2. Acquire registration with SAM.** SAM is the repository for certain standard information about federal financial assistance applicants, recipients, and subrecipients. All applicants for OJP awards (other than individuals) must maintain current registrations in the SAM database. An applicant must be registered in SAM to successfully register in Grants.gov. Each applicant must **update or renew its SAM registration at least annually** to maintain an active status. SAM registration and renewal can take as long as 10 business days to complete.

An application cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. Once the SAM registration/renewal is complete, **the information transfer from SAM to Grants.gov can take as long as 48 hours.** OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at www.sam.gov.

3. **Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. An applicant entity's "unique entity identifier" (DUNS number) must be used to complete this step. For more information about the registration process for organizations and other entities, go to <https://apply07.grants.gov/apply/OrcRegister>. Individuals registering with Grants.gov should go to <http://www.grants.gov/web/grants/applicants/individual-registration.html>.
4. **Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.
5. **Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance ("CFDA") number for this solicitation is 16.750, titled "*Support for Adam Walsh Act Implementation Grant Program*," and the funding opportunity number is SMART-2017-11260.
6. **Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application. The second will state whether the application has been validated and successfully submitted, or whether it has been rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received, and then receive a rejection notice a few minutes or hours later. Submitting an application well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges each applicant to submit its application **at least 72 hours prior** to the application due date, to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. Applications must be successfully submitted through Grants.gov by 11:59pm eastern time on June 29, 2017.

Click [here](#) for further details on DUNS numbers, SAM, and Grants.gov registration steps and timeframes.

Note: Application Versions

If an applicant submits multiple versions of the same application, OJP will review only the most recent system-validated version submitted.

Experiencing Unforeseen Grants.gov Technical Issues

An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must contact the Grants.gov [Customer Support Hotline](#) or the [SAM Help Desk](#) (Federal Service Desk) to report the technical issue and receive a tracking number. The applicant must email the SMART Office contact identified in the Contact Information section on the title page **within 24 hours after the application deadline** to request approval to submit its application after the deadline. The applicant's email must

describe the technical difficulties, and must include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s).

Note: OJP does not automatically approve requests to submit a late application. After OJP reviews the applicant's request, and contacts the Grants.gov or SAM Help Desks to verify the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the untimely application submission was due to the applicant's failure to follow all required procedures, OJP will deny the applicant's request to submit its application.

The following conditions generally are insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website
- Failure to follow each instruction in the OJP solicitation
- Technical issues with the applicant's computer or information technology environment, such as issues with firewalls or browser incompatibility.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP [Funding Resource Center](#) web page.

E. Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria.

1. Statement of the Problem/Description of the Issue (10%)
2. Project Design and Implementation (45%)
3. Capabilities and Competencies (20%)
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%)
5. Budget: complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities). Budget narratives should demonstrate generally how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.⁸ (10%)
6. Other: Project Abstract, Project Timeline, Position descriptions and Resumes, Indirect Cost Rate Agreement (if applicable), and Tribal Authorizing Resolution (if applicable). (5%)

⁸ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

Review Process

OJP is committed to ensuring a fair and open process for making awards. The SMART Office reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant
- The application must request funding within programmatic funding constraints (if applicable)
- The application must be responsive to the scope of the solicitation
- The application must include all items designated as “critical elements”
- The applicant must not be identified in SAM as excluded from receiving federal awards

For a list of the critical elements for this solicitation, see “What an Application Should Include” under [Section D. Application and Submission Information](#).

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. The SMART Office may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. Peer reviewers’ ratings and any resulting recommendations are advisory only, although reviewer views are considered carefully. Other important considerations for OJP include underserved populations, geographic diversity, strategic priorities, and available funding, as well as the extent to which the budget detail worksheet and budget narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by applicants. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award. If OJP anticipates that an award will exceed \$150,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System; “FAPIS”).

Important note on FAPIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIS and was entered by a federal awarding

agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by applicants.

The evaluation of risks goes beyond information in SAM. However, OJP itself has in place a framework for evaluating risks posed by applicants for competitive awards. OJP takes into account information pertinent to matters such as --

1. Applicant financial stability and fiscal integrity
2. Quality of the management systems of the applicant, and the applicant's ability to meet prescribed management standards, including those outlined in the DOJ Grants Financial Guide
3. Applicant's history of performance under OJP and other DOJ awards (including compliance with reporting requirements and award conditions), as well as awards from other federal agencies
4. Reports and findings from audits of the applicant, including audits under the Part 200 Uniform Requirements
5. Applicant's ability to comply with statutory and regulatory requirements, and to effectively implement other award requirements.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and the SMART Office recommendations, but also other factors as indicated in this section.

F. Federal Award Administration Information

Federal Award Notices

Award notifications will be made by September 30, 2017. OJP sends award notifications by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and steps to take in GMS to start the award acceptance process. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date.

For each successful applicant, an individual with the necessary authority to bind the applicant will be required to log in; execute a set of legal certifications and a set of legal assurances; designate a financial point of contact; thoroughly review the award, including all award conditions; and sign and accept the award. The award acceptance process requires physical signature of the award document by the authorized representative and the scanning of the fully-executed award document to OJP.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions, as well as all applicable requirements of federal statutes, regulations, and executive orders (including applicable requirements referred to in the assurances and certifications executed in connection with award acceptance). OJP strongly encourages prospective applicants to review information

on post-award legal requirements and common OJP award conditions **prior** to submitting an application.

Applicants should consult the “[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#),” available in the [OJP Funding Resource Center](#). In addition, applicants should examine the following two legal documents, as each successful applicant must execute both documents before it may receive any award funds.

- [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements](#)
- [Standard Assurances](#)

Applicants may view these documents in the Apply section of the [OJP Funding Resource Center](#).

The web pages accessible through the “[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#)” are intended to give applicants for OJP awards a general overview of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants and cooperative agreements awarded in FY 2017. Individual OJP awards typically also will include additional award conditions. Those additional conditions may relate to the particular statute or program, or solicitation under which the award is made; to the substance of the funded application; to the recipient's performance under other federal awards; to the recipient's legal status (e.g., as a for-profit entity); or to other pertinent considerations.

General Information about Post-Federal Award Reporting Requirements

In addition to the deliverables described in [Section A. Program Description](#), any recipient of an award under this solicitation will be required to submit the following reports and data.

Required reports. Recipients typically must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)

Awards that exceed \$500,000 will include an additional condition that, under specific circumstances, will require the recipient to report (to FAPIIS) information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either the OJP award or any other grant, cooperative agreement, or procurement contract from the federal government. Additional information on this reporting requirement appears in the text of the award condition posted on the OJP web site at <http://ojp.gov/funding/FAPIIS.htm>.

Data on performance measures. In addition to required reports, an award recipient also must provide data that measure the results of the work done under the award. To demonstrate program progress and success, as well as to assist DOJ in fulfilling its responsibilities under the

Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111-352, OJP will require any recipient, post award, to provide the data listed as "Data Recipient Provides" in the performance measures table in [Section D. Application and Submission Information](#), under "Program Narrative," so that OJP can calculate values for this solicitation's performance measures.

G. Federal Awarding Agency Contact(s)

For OJP contact(s), see the title page.

For contact information for Grants.gov, see the title page.

H. Other Information

Freedom of Information Act and Privacy Act (5 U.S.C. 552 and 5 U.S.C. 552a)

All applications submitted to OJP (including all attachments to applications) are subject to the federal Freedom of Information Act (FOIA) and to the Privacy Act. By law, DOJ may withhold information that is responsive to a request pursuant to FOIA if DOJ determines that the responsive information either is protected under the Privacy Act or falls within the scope of one of nine statutory exemptions under FOIA. DOJ cannot agree in advance of a request pursuant to FOIA not to release some or all portions of an application.

In its review of records that are responsive to a FOIA request, OJP will withhold information in those records that plainly falls within the scope of the Privacy Act or one of the statutory exemptions under FOIA. (Some examples include certain types of information in budgets, and names and contact information for project staff other than certain key personnel.) In appropriate circumstances, OJP will request the views of the applicant/recipient that submitted a responsive document.

For example, if OJP receives a request pursuant to FOIA for an application submitted by a nonprofit or for-profit organization or an institution of higher education, or for an application that involves research, OJP typically will contact the applicant/recipient that submitted the application and ask it to identify -- quite precisely -- any particular information in the application that applicant/recipient believes falls under a FOIA exemption, the specific exemption it believes applies, and why. After considering the submission by the applicant/recipient, OJP makes an independent assessment regarding withholding information. OJP generally follows a similar process for requests pursuant to FOIA for applications that may contain law-enforcement sensitive information.

Provide Feedback to OJP

To assist OJP in improving its application and award processes, OJP encourages applicants to provide feedback on this solicitation, the application submission process, and/or the application review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

IMPORTANT: This email is for feedback and suggestions only. OJP does **not** reply from this

mailbox to messages it receives in this mailbox. Any prospective applicant that has specific questions on any program or technical aspect of the solicitation **must** use the appropriate telephone number or email listed on the front of this document to obtain information. These contacts are provided to help ensure that prospective applicants can directly reach an individual who can address specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please email your resume to ojppeerreview@lmsolas.com. (Do not send your résumé to the OJP Solicitation Feedback email account.) **Note:** Neither you nor anyone else from your organization or entity can be a peer reviewer in a competition in which you or your organization/entity has submitted an application.

Application Checklist
SMART FY 17 Support for Adam Walsh Act Implementation Grant Program

This application checklist has been created as an aid in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:

- _____ Acquire a DUNS Number (see page 27)
- _____ Acquire or renew registration with SAM (see page 27)

To Register with Grants.gov:

- _____ Acquire AOR and Grants.gov username/password (see page 28)
- _____ Acquire AOR confirmation from the E-Biz POC (see page 28)

To Find Funding Opportunity:

- _____ Search for the Funding Opportunity on Grants.gov (see page 28)
- _____ Download Funding Opportunity and Application Package (see page 28)
- _____ Sign up for Grants.gov email [notifications](#) (optional) (see page 26)
- _____ Read [Important Notice: Applying for Grants in Grants.gov](#)
- _____ Read OJP policy and guidance on conference approval, planning, and reporting available at [ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm](#) (see page 11)

After Application Submission, Receive Grants.gov Email Notifications That:

- _____ (1) application has been received,
- _____ (2) application has either been successfully validated or rejected with errors (see page 2)

If No Grants.gov Receipt, and Validation or Error Notifications are Received:

- _____ contact the SMART Office regarding experiencing technical difficulties (see page 28)

Overview of Post-Award Legal Requirements:

- _____ Review the "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2017 Awards](#)" in the OJP Funding Resource Center.

Scope Requirement:

- _____ The federal amount requested is within the allowable limit(s) of \$400,000.

Eligibility Requirement:

- _____ See the title page.

What an Application Should Include:

- _____ Application for Federal Assistance (SF-424) (see page 12)
- _____ Intergovernmental Review (see page 13)
- _____ Project Abstract (see page 13)
- _____ Program Narrative (see page 14)
- _____ Budget Detail Worksheet (see page 20)

_____ Budget Narrative	(see page 20)
_____ Indirect Cost Rate Agreement (if applicable)	(see page 22)
_____ Tribal Authorizing Resolution (if applicable)	(see page 23)
_____ Financial Management and System of Internal Controls Questionnaire (see page 23)	
_____ Disclosure of Lobbying Activities (SF-LLL)	(see page 24)
Additional Attachments	
_____ Applicant Disclosure of Pending Applications	(see page 25)
_____ Request and Justification for Employee Compensation; Waiver (if applicable)	(see page 10)
