SMART FY 2010 Comprehensive Approaches to Sex Offender Management Grant Program (CFDA #16.203)

Overview

Authorized by 42 U.S.C. § 13941 and the Department of Justice’s annual Appropriations Act, the Comprehensive Approaches to Sex Offender Management Program assists state, local, and tribal jurisdictions in improving their adult and juvenile sex offender management policies and practices by critically examining existing approaches to monitoring and managing the population; identifying significant gaps and needs; and developing strategies to address the needs.

Deadlines: Registration and Application

Registration is required prior to submission. The deadline to register in GMS is 4:00 p.m. eastern time on March 18, 2010, and the deadline for applying for funding under this announcement is 6:00 p.m. eastern time on March 18, 2010. Please see the “How to Apply” section, page 8 for more details.

Eligibility

Please refer to page 1 for eligibility under this program.

Comprehensive Approaches to Sex Offender Management Program-Specific Information

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

According to the Bureau of Justice Statistics, at year end 2005 there were more than 160,000 offenders convicted of rape or sexual assault in state prisons.1 The vast majority of these offenders will be released to communities at some point in the future. Additionally, there are presently more than 686,000 registered sex offenders residing in communities across the U.S.2 These numbers create a significant management challenge to criminal justice professionals. In response to these numbers and to ensure public safety, jurisdictions have enacted various strategies to manage sex offenders. These strategies include use of techniques and tools such as: risk assessment, intensive supervision, registration, sex offender specific treatment programs, polygraph, electronic monitoring, and surveillance activities. Criminal justice professionals are increasingly using these techniques and tools in conjunction with each other to achieve positive results.

Similarly, agencies and disciplines that work with sex offenders in the community must also

---

work together to effectively manage sex offenders. Sex offender management is much more than simple supervision and treatment conducted by a few knowledgeable individuals in a community. Sex offender management programs and strategies that incorporate multidisciplinary collaboration and use of several management techniques and interventions have documented positive outcomes in terms of reducing recidivism. Information emerging from these programs supports this concept of comprehensive and collaborative management.\(^3\)

In response to these findings and to support effective strategies, the SMART Office is requesting applications under the Comprehensive Approaches to Sex Offender (CASOM) Grant Program. Since 1998, the U.S. Department of Justice, Office of Justice Programs has administered the Comprehensive Approaches to Sex Offender Management Grant Program (CASOM). The CASOM Program has provided funds to 176 state, local, and tribal jurisdictions to enhance and improve the management of sex offenders in their communities. Over the past decade, CASOM program funds have been assisting jurisdictions in implementing and maintaining cutting-edge sex offender management programs throughout the country. For instance, under CASOM jurisdictions have created standards for treatment and supervision of adults and juveniles, employed sex offender-specific assessment and truth-verification tools, enhanced advocacy and support to victims, developed specialized sex offender courts, and improved information sharing and collaboration within and across disciplines and jurisdictions. In addition, CASOM has supported the development of training curricula, publications, and a sex offender management model, the Comprehensive Approach to Sex Offender Management (Comprehensive Approach).

**Purpose**

The purpose of funding under this solicitation is two-fold: (1) to support demonstration projects in tribal communities that wish to implement the Comprehensive Approach model of sex offender management and (2) to enhance existing sex offender management practices in communities in order to meet an identified need or to implement an innovative strategy that can be recognized as a best practice.

To achieve this purpose, the program has two components: Part A and Part B. Applicants may apply under only one category.

**Goals and objectives:**

**PART A**

Eligibility for PART A is restricted to tribes (see Eligibility section on page 1) and territories.

Part A is the demonstration program to implement the Comprehensive Approach model of managing released sex offenders. This model involves a strategic and collaborative response to managing sex offenders, reducing recidivism, and promoting public safety. At its core, the model contains several key principles, including a focus on the needs and safety of victims,

collaboration and information sharing across disciplines and agencies, ongoing monitoring and evaluation of programs and policies, specialized training on the specifics of sexual offending and offenders, and raising awareness in the public about sex offenders and methods to protect against sexual offending. In a Comprehensive Approach to sex offender management, these key principles flow throughout the criminal justice process, from police investigation, prosecution, and sentencing to reentry, supervision, and treatment in the community.⁴

These awards will require that applicants establish a sex offender management team that is multi-disciplinary in nature and includes stakeholders reflective of the elements and principles detailed above.

PART A will be administered in two phases. Phase I is the assessment and planning phase and Phase II is the implementation phase. Phase I is designed to examine the jurisdiction’s current approach to managing sex offenders; identify existing resources and programs that can be utilized to implement the Comprehensive Approach model; and assess existing gaps and needs that must be addressed in order to implement this model (see the Program/Project Design and Implementation section on page 10 for more specifics). Up to twenty-five percent of funds may be allocated to support assessment and planning activities.

Phase II involves implementing the proposed strategy developed in Phase I to implement the Comprehensive Approach model. Prior to commencing work on Phase II activities, a project implementation plan, as well as a budget request and a timeline, must be submitted to the SMART Office for review and approval. Phase II also includes designing and implementing a monitoring and evaluation plan to document the strategies implemented and their outcomes, as well as developing or enhancing the capacity for ongoing information collection and analysis beyond the grant period.

PART B

Eligibility for PART B is restricted to states, the District of Columbia, territories, and local units of government (see Eligibility section on page 1).

Part B supports enhancements to existing approaches to managing released sex offenders. Funds under this category will be authorized to address a jurisdiction’s identified need or to implement a new or innovative strategy that has implications for other communities. Under this category of funding of CASOM, applicants must demonstrate that their current sex offender management approach is inclusive of the following principles: victim-centeredness; specialized knowledge and training; public education; monitoring and evaluation; and collaboration. Applicants must include a monitoring and evaluation plan for implementation activities.

All award recipients will be expected to receive technical assistance in all phases of the project and attend training and workshops identified by the CASOM technical assistance provider to develop capacity to implement the project design.

Amount and Length of Awards

Funding under Part A will be up to $250,000 and grants will be made through a cooperative agreement. Grants awarded under Part B will be up to $150,000. All grants will be for a 24-

⁴ For more information about the Comprehensive Approach to Sex Offender Management, please see: http://www.csom.org/pubs/Comp_Approach_Brief.pdf.
month project period. Awards will be made on a one-time basis and continuation grants will not be available after the end of the project period. As a result, applicants should include a plan for sustainability of the program after the period of funding in the program narrative. It is anticipated that any award that may be made under this solicitation should be awarded not later than September 30, 2010.

Limitation on Use of Award Funds for Employee Compensation; Waiver: No portion of any award of more than $250,000 made under this solicitation may be used to pay total cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. (The 2009 salary table for SES employees is available at http://www.opm.gov/oca/09tables/indexSES.asp.) Note: A recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The limitation on compensation rates allowable under an award may be waived on an individual basis at the discretion of the Assistant Attorney General (AAG) for the Office of Justice Programs. An applicant that wishes to request a waiver must include a detailed justification in the budget narrative of its application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request that the applicant adjust and resubmit their budget.

The justification should include: the particular qualifications and expertise of the individual, the uniqueness of the service being provided, the individual’s specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual’s salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work that is to be done.

Performance Measures

To assist in fulfilling the Department’s responsibilities under the Government Performance and Results Act (GPRA), P.L. 103-62, applicants who receive funding under this solicitation must provide data that measures the results of their work. Additionally, applicants must discuss in their application their methods for collecting data for performance measures. Please refer to “What An Application Must Include” (below), for additional information on applicant responsibilities for collecting and reporting data. **How to Apply**

Applications will be submitted through OJP’s Grants Management System (GMS). GMS is a Web-based, data-driven computer application that provides cradle to grave support for the application, award and management of grants at OJP. Applicants should begin the process immediately to meet the GMS registration deadline, especially if this is the first time they have used the system. Complete instructions on how to register and submit an application in GMS can be found at www.ojp.usdoj.gov/gmscbt/. If you experience technical difficulties at any point during this process, please e-mail GMSHelpDesk@usdoj.gov or call 1–888–549–9901 (option 3), Monday–Friday from 6:00 a.m. to 12:00 midnight eastern time. The Office of Justice Programs highly recommends starting the registration process as early as possible to prevent delays in the application submission by the specified deadline.

All applicants are required to complete the following six steps:

1. **Acquire a DUNS Number.** A DUNS number is required to submit an application in GMS. The Office of Management and Budget requires that all businesses and nonprofit applicants for Federal funds include a DUNS (Data Universal Numbering System) number in their application for a new award or renewal of an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Obtain a DUNS number by calling 1–866–705–5711 or by applying online at www.dunandbradstreet.com. Individuals are exempt from this requirement.

2. **Acquire or Renew Registration with the Central Contractor Registration (CCR) Database.** CCR registration is required to receive funding. OJP requires that all applicants (other than individuals) for federal financial assistance maintain current registrations in the Central Contractor Registration (CCR) database. The CCR database is the repository for standard information about federal financial assistance applicants,
recipients, and subrecipients. Organizations that have previously submitted applications via Grants.gov are already registered with CCR, as it is a requirement for Grants.gov registration. Please note, however, that applicants must update or renew their CCR registration at least once per year to maintain an active status. Information about CCR registration procedures can be accessed at www.ccr.gov.

3. **Acquire a GMS Username and Password.** If you are a new user, please create a GMS profile by selecting the first time user link under the sign-in box of the GMS homepage. For more information on how to register in GMS, go to www.ojp.usdoj.gov/gmscbt/.

4. **Search for the Funding Opportunity on GMS.** After you log in to GMS or complete your GMS profile for your username and password, go to the Funding Opportunities link on the left hand side of the page. Please select SMART and SMART FY 10 Comprehensive Approaches to Sex Offender Management Program.

5. **Select the Apply Online Button Associated with the Solicitation Title.** The search results from step 4 will display the solicitation title along with the Registration and Application Deadlines for this funding opportunity. Please select the Apply Online button in the Action Column to create an application in the system.

6. **Submit an Application Addressing All of the Requirements Outlined in this Solicitation by Following the Directions in GMS.** Once submitted, GMS will display a confirmation screen stating your submission was successful. **Important:** You are urged to submit your application at least 72 hours prior to the due date of the application.

**Experiencing Unforeseen GMS Technical Issues**

If you experience unforeseen GMS technical issues beyond your control which prevent you from submitting your application by the deadline, you must contact SMART Office staff **within 24 hours after the deadline** and request approval to submit your application. At that time, SMART Office staff will require you to e-mail the complete grant application, your DUNS number, and provide a GMS Help Desk tracking number(s). After the program office reviews all of the information submitted, and contacts the GMS Helpdesk to validate the technical issues you reported, OJP will contact you to either approve or deny your request to submit a late application. If the technical issues you reported cannot be validated, your application with be rejected as untimely.

To ensure a fair competition for limited discretionary funds, the following conditions are not valid reasons to permit late submissions: (1) failure to begin the registration process in sufficient time; (2) failure to follow GMS instructions on how to register and apply as posted on its Web site; (3) failure to follow all of the instructions in the OJP solicitation; and (4) technical issues experienced with the applicant’s computer or information technology (IT) environment.

Notifications regarding known technical problems with GMS are posted on the OJP funding Web page, [www.ojp.usdoj.gov/funding/solicitations.htm](http://www.ojp.usdoj.gov/funding/solicitations.htm).
What an Application Must Include

OJP strongly recommends use of appropriately descriptive file names (e.g., “Program Narrative,” “Budget and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all required attachments. Where resumes are required, OJP recommends that all resumes be included in a single file.

Standard Form 424
Please see www07.grants.gov/assets/SF424Instructions.pdf for instructions on how to complete your SF424. An internal reviewer is a current U.S. Department of Justice employee who is well-versed or has expertise in the subject matter of this solicitation. Eligible applications will be evaluated, scored, and rated by a peer review panel. Peer reviewers' ratings and any resulting recommendations are advisory only. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, strategic priorities, past performance, and available funding.

The Office of the Chief Financial Officer (OCFO), in consultation with the SMART Office, conducts a financial review of applications for potential discretionary awards and cooperative agreements to evaluate the fiscal integrity and financial capability of applicants; examines proposed costs to determine if the budget and budget narrative accurately explain project costs; and determines whether costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final grant award decisions will be made by the Assistant Attorney General (AAG), who may also give consideration to factors including, but not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding when making awards.
